

Machines for Sale – Available Now

Brand New RoboSONIC Inline XL - PDI can be completed as soon as your order is placed!

Designed to portion **tray bake**, **round**, and **loaf type products** and with a larger than standard 760mm blade (meaning the entire length of tray bake products can be sliced in one cut), the RoboSONIC Inline XL is ideal for customers with high throughput requirements.

As a conveyor-based machine, it can be integrated into an existing line or used as a stand-alone solution.

For more information, contact us now on +44 (0)1234 783680 or email sales@newtech-ltd.co.uk.

Used RoboSONIC Batch – Great Price!

3 ½ years old and comes with a 6 month warranty. Fully serviced, installed and commissioned at your site by a newtech engineer.

This compact, standalone solution requires minimal floor space and is simple to operate using the user-friendly colour touch screen. This machine can be adapted to your needs, with easy-to-edit programs.

Utilising ultrasonic cutting technology and a 6-axis robot, the flexible RoboSONIC Batch is designed to accurately portion a wide range of products, which include **traybake**, **round** and **loaf bakery items**, **round and stick cheese**, **pies** and **quiche**, according to your specifications.

Used newtech machines don't become available very often, so contact us now on +44 (0)1234 783680 or email sales@newtech-ltd.co.uk.
